This week **Year 5**, the children have been learning descriptive techniques that they can use in their writing to help captivate and engage the reader. They have applied these techniques when writing their own stories about a voyage to an undiscovered planet. The outcome has been spectacular, we haven't been able to put their stories down!

This week in **Year 6**, the pupils have continued to delve into the story 'Running Wild' by Michael Morpurgo. They are enjoying learning about the relationship between Oona (the elephant) and Will. They have also been busy researching the different types of volcanoes using our ICT facilities and using this to enhance their writing.

This week pupils in **Year 7** have been corresponding with French students in schools situated in Paris, Normandy and Montpellier. They all have been very excited about this project, which has enabled them to use the French they have learnt so far! This week we are writing Halloween cards.

This week our **Year 8** pupils have working hard in history to investigate 'Which individual was the most significant in the eventual abolition of the slave trade?' They have identified when the slave trade began and how the relationship between Britain and America exploited the slave trade.
