

SNAPSHOTS OF THE WEEK

Week: 5th to 9th December 2022

Year 8 Geography Trip

Last week, our Year 8 students were out on a field trip visiting the River Stour. They visited three locations along the Stour starting at King Fisher Barn in Muscliffe, then travelling downstream to Iford Bridge, and finishing off their trip in Christchurch. Despite the cold and foggy weather, the students were able to stay on task and get some great fieldwork done. They were looking at how the river is currently being managed and were able to identify a range of soft and hard engineering techniques that are being used to help reduce flooding. Now we are back in class, the students are working on how to improve the management of the river and what potential impacts their improvements may have further up and downstream.

Eco Tip

This week's Eco Tip is Composting helps keep vegetable matter out of landfills. Not only does composting keep landfills from filling up prematurely, it also minimises the pollution they create. Starting your own home composting system isn't difficult.

Anti Bullying

Madeline 6Y and Mackenzie 8X won the Anti-Bullying poster competition for KS2 and KS3 respectively. They will have their posters displayed in classrooms across the school and both have won a privilege pass. Fantastic posters and a great effort from both, well done!

BMS Superheroes

Ella T 5X has passed her BTDA Grade 2 Jazz Examination with 97% and a Platinum Award. We are very proud of her!

Year 7 have been writing poems in English this week and the following was written by Sam H 7U:

*'Whoa! I have bested this primitive planet,
And flown the blue skies of silver springs of destiny*

Sunward I've sped and summoned the silence

Or sun-split clouds and finished a thousand quests

That you could never have dreamed of in your feeble beds

I sleep on the immortal clouds.'
