Dear Parents and Carers

BMS Forest School Programme

As we continue to expand our learning environment at BMS, we are excited to enhance our outdoor education through our Forest School programme.

To further enrich the experience for our students, we are reaching out to parents for support in any ways they can by acquiring “loose parts” for our Forest School. These loose parts, such as natural materials, recycled items and unstructured play items have a crucial role in fostering creativity, problem-solving skills, and a deeper connection with the natural world.

Examples of Loose Parts:

Wooden planks/ Deck Boards
Wild flower seeds/bird feed
Pallets
Buckets
Cable Drums
Tubes, guttering, funnels, hosepipe, bore pipes
Corrugated plastic, length of plastic
Nets
Tyres
Trays
Cooking pots and pans

Your contribution, will directly impact the quality of education our students receive. By providing diverse loose parts, you are helping us create a stimulating outdoor space where children can explore, learn, and develop a profound appreciation for nature.

If you are able to contribute, please drop off any donations to the school office or contact us through the school office office@bmsweb.co.uk to arrange pick up of larger items if needed.

We appreciate your ongoing support in creating a well-rounded and engaging learning environment for our students.

Yours sincerely

The Forest Schools Team
