Year 6 Mayan Writing

In Year 6 we have recently been doing some great work learning about the Mayan Civilisation. We have been learning about the factors that made this remarkable civilisation so successful for nearly 2000 years. We have been becoming good historians - looking at primary and secondary historical sources - and excellent geographers, looking at the different types of land use in the region. We built our writing skills describing why the Mayans were successful, using cause and effect language. It has been a fascinating topic to learn about.

Well Done Sienna

Last week, Sienna spent the whole week making origami and bookmarks that she then sold at the Victoria Education Centre Christmas School Fayre on Saturday, where her nan has worked for 20 years! Sienna had her own table and raised £12 for the school and really enjoyed herself. Congratulations Sienna—your display looks great!

BMS Bird Rescue!

This week, one of our Year 5 students found an injured Woodcock at the front of the school and with Miss Bosley's help, Mr Holdgate was able to get it contained and taken for treatment. The bird was examined by the vets at Natterjacks who concluded it was likely it had flown into a window and had sustained bruising around its neck and wing. They provided it with pain relief, fluids and some quiet time in an incubator and it responded well to this. Natterjacks did this all free of charge. The Woodcock is now at Moyles Court Wildlife Rescue in the New Forest where they will rehabilitate it and release it back into the wild when it is ready to go. A lovely example of the local community coming together to promote wildlife conservation.
