

Snapshots of the Week

Week: 25th to 29th Nov

This week in **Year 5**, we have been testing our mathematical skills by multiplying 4 digits by 2 digit numbers – we have some extremely talented mathematicians with excellent rapid mental recall! The children have also continued to develop their Viking stories ready to share with Year 4 at BFS!

The science labs have been busy places this week with **Year 7** using ramps to calculate the speed of rolling tennis balls and cars. 7Y had an enjoyable PE lesson at Corfe Hills where we ventured onto the heath to look at stride length on changing terrain and elevation. Well done to Tom, Lucy and Lewis who took the house points! Year 7 have started their new food rotation and had their taste buds tickled with a skills demo and food tasting session in preparation for the next 9 weeks of cooking. We are excited to see who are budding chefs are!

BMS CODING CLUB UPDATE!
Coding Club have made a great start in UBC and are currently programming their own version of the classic Atari video game 'Breakout' – they are attempting to modernise the source code from 1976 so that we have a special BMS limited edition!

This week in **Year 6**, the pupils came up with some creative and entertaining ways to present information they have gathered about the life and culture of the Mayans. Presentations included raps, quiz shows, parodies, and news reports to mention a few!

This week **Year 8** have been busy in the science lab too, proving Hookes law and trying to replicate a stretched elastic band graph using a similar technique. In Textiles the pupils have finished their fabric containers. They have comparatively judged them and priced them and now they're ready to take to Julia's house. Well done to you all, you have done a fabulous job!

FRENCH PEN PALS!

This week Y7 have been writing a Christmas card to their French penfriends. They have been learning about physical descriptions and personality. They were able to describe themselves to the French students and give them their best wishes. Joyeux Noel!

Upcoming Events

2nd Dec Year 5 Storyteller visit in school

3rd Dec Year 6 trip to the Living Rainforest
