Policy for Lettings and Other Third-Party Use of Premises

Section 1: Introduction

Southern Education Trust recognises the position of its schools in the local community and that encouragement should be given to the use of the school premises by outside organisations.

The Trust welcomes the opportunity to work with partner organisations in extending the range of opportunities to help children and young people achieve their full potential by engaging with services meeting the wider needs of children, young people, families, and the local community. The Trust acknowledges that extended services, including community services, support and complement the main teaching and learning activity within its schools and contribute towards raising standards. However, we would ask that partners note that schools, by their very nature, may be more constrained than many other organisations in responding to lettings requests.

A charge will normally be levied to meet the additional costs incurred by the school in respect of any lettings of its premises. As a minimum, the *actual* cost to the school of any use of the premises must be reimbursed to the school's budget where those activities are not directly aimed at raising pupil attainment and achievement.

Section 2: Definition of a Letting

A letting may be defined as *“any use of the school premises (buildings and grounds) by either a community group (such as a local music group or football team), or a commercial organisation (such as a provider of exercise classes)”*.

A letting must not interfere with the primary activity of the school, which is to provide a high standard teaching and learning environment for all its pupils.

Use of the premises for activities such as staff meetings, parents' meetings, Governing Board meetings, out of school hours learning / study support activities or any other extended services which support the raising of attainment and achievement, fall within the corporate life of the school. Costs arising from these uses are therefore a legitimate charge against the school's delegated budget.

Section 3: Charging

The Local Governing Board is responsible for setting charges for the letting of the school premises. A charge may be levied in order to cover the following:

- Cost of services (heating and lighting).
- Cost of staffing (additional security, caretaking, and cleaning) - including “on-costs”.
- Cost of administration.
- Cost of “wear and tear”.
- Cost of insurance
- Cost of use of school equipment (if applicable).
- Profit element (if appropriate).

The specific charge levied for each letting will be reviewed no less than annually by the Local Governing Board. The current scale of charges is outlined in Appendix 1.

Section 4: Management of Lettings

The Headteacher is responsible for the management of lettings. The Headteacher delegates the day-to-day administration of the lettings to Site staff and staff in the School Office but retains overall responsibility for the lettings process.

If the Headteacher has any concern about whether a particular request for a letting is appropriate or not, they will consult with the Chair of the Local Governing Board to determine the issue on behalf of the Local Governing Board.

Current charges will be provided in advance of any letting being agreed. A Charging Tariff may be established to ensure that access is affordable for particular individuals and groups.

The letting of rooms is exempt of VAT.

Section 5: Operational Process

Organisations wanting to hire the school premises should approach a member of the School Office staff at least two weeks before they wish to use the premises. The member of staff will identify their requirements and clarify the facilities available. An Application Form (Appendix 2) should be completed. The Governing Board has the right to refuse an application, and interested parties should be advised that no letting should be regarded as “booked” until approval has been given in writing. No public announcement of any activity or function taking place should be made by the organisation concerned until the booking has been formally confirmed.

Once a letting has been approved, a letter of confirmation will be sent to the hirer, setting out full details of the letting and enclosing a copy of the terms and conditions and the hire agreement. The letting should not take place until the signed agreement has been returned to the school. The person applying to hire the premises will be invoiced for the cost of the letting as appropriate in accordance with the school’s current scale of charges. Where possible the school will seek payment in advance in order to reduce any possible bad debts.

The Hirer should be a named individual, and the agreement should be in their name, giving their permanent private address. This avoids any slight risk that the letting might be held to be a business tenancy, which would give the hirer security of tenure.

Sub-letting of any form is strictly prohibited. If the school receives any evidence pertaining to plans to sub-let the trust premises, all bookings the hirer has made with the school will be cancelled.

During a hire of the school’s premises, a member of the school’s staff (or an appointed agent of the school) must be present to open and lock the building.

Section 6: Child Protection and the Prevent Duty

All hirers must state the purpose of the hire. Each application will be vetted, and any concerns will be reported to the Headteacher prior to approval.

When determining whether to approve an application, the Headteacher (delegated to the Office Administrators) will consider the following factors:

- The type of activity
- Possible interference with school activities
- The availability of facilities
- The availability of staff
- Health and safety considerations
- The school's duties with regard to the prevention of terrorism and radicalisation
- Whether the letting is deemed compatible with the ethos of the school

An application will not be approved if it:

- Is aimed at promoting extremist views.
- Involves the dissemination of inappropriate materials.
- Contravenes the statutory Prevent duty.
- Is likely to cause offence to public taste and decency (except where this is, in the opinion of the Headteacher, balanced or outweighed by freedom of expression or artistic merit).

The Headteacher or School Business Manager will file an incident report form if they have reason to believe that the letting has been used for political purposes not previously authorised, the dissemination of inappropriate material or any other purpose that contravenes the Prevent duty.

Where an individual or group is found to be promoting views in contravention of the school's Prevent duty, the person or group is guilty of an offence, under the Education Act 1996, and liable on summary conviction to a fine. In addition, the school will contact the police who will remove the person or group from school premises.
